**The year that was
has changed us
irrevocably—but what
it did not change
is our clear vision
of a transformed
Philippines, as we
remain in the service
of the Filipino.**

Message of the Chairman

To say 2020 was a memorable year is a severe understatement. I can confidently say that future generations will look at 2020 as a year that changed world history. That we all lived through it is a blessing and cause for celebration in itself.

Closer to home, we all have felt the tremendous change that 2020 wrought in our lives, as a company, as an organization, and as one Kapamilya.

But it is in this most challenging of situations that ABS-CBN Foundation really proved its mettle. Amidst a raging global health crisis, and the shutdown of the ABS-CBN Corporation broadcast franchise, the Foundation has continued in its mission to be of service to the Filipino.

For this reason alone, I am proud of the men and women of the Foundation and it is my honor to serve as your Chairman.

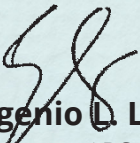

But with this pride is also no small amount of regret that our circumstances have compelled us to let go of a good number of Kapamilyas this year. We are truly, truly grateful for all your years of faithful and generous service, to build and strengthen the Foundation that we know today.

We also bid a fond farewell, with a gratitude more than words can say, to our outgoing Managing Director, Susan B. Afan, who has been our indefatigable leader and torchbearer to carry the legacy that my sister Gina has left.

Gina's legacy will continue on under the leadership of our sister Berta who will take up the reins as ABS-CBN Foundation Managing Director beginning 2021; and with Ernie, who currently serves and will continue to serve as Director for Advocacy. Thank you, Berta and Ernie, for keeping the beat of the Foundation's heart alive.

To our loyal donors and partners, it is our privilege to have earned your steadfast support through this difficult time. Thank you very much. To our new donors and partners in mission, thank you for the trust. Within these pages, you will see all you have made possible. This year saw us in solidarity. I hope you will be inspired, as I am, to believe in a better future, and work together in bringing it to reality.

The year that was has changed us irrevocably—but what it did not change is our clear vision of a transformed Philippines, as we remain in the service of the Filipino.

Eugenio L. Lopez III
Chairman, ABS-CBN Foundation

“ **It takes a Village to achieve what we’ve done - and no one person can take credit for all the good we’ve attained and shared as ONE Team.** ”

Message of the 2020 Managing Director

Part of Gina Lopez's spiel in recruiting me out of retirement in 2014, was...

“The ABS-CBN Foundation is Special. The people here just don't come to work. They're there because of their sense of mission and genuine desire to help others. They have the biggest hearts!”

Joining GL and her Team has truly been one of my life's biggest blessings!

The last 5-7 years have been a transformative period for the ABS CBN Foundation. In 2020, some of the major accomplishments our Team did together include:

- Serving over 925,000 families with food bags and over 213,000 individuals with hot meals through the Pantawid ng Pag-Ibig Campaign. This is in collaboration with over 160 major donors and partners.
- Assisting over 133 hospitals and medical institutions with medical equipment and PPEs to help combat COVID-19 through the Ligtas sa COVID-19 campaign.

- Aiding more than 125,000 families affected by typhoons and other calamities including the Taal Volcano eruption in January.
- Feeding almost 15,000 individuals in the Taal evacuation centers with hot meals.
- Establishing NutriPan Bakeries in 16 schools that will benefit more than 41,000 students.
- Giving school supplies, powerbanks, and photocopying equipment to 41 schools benefitting over 38,000 students and 1,600 teachers in their distance learning during the pandemic.
- Distributing school supplies to more than 103,000 students through the Gusto Kong Mag-Aral Project.
- Completion of the classroom construction in Bito Elementary School in Marawi that will benefit more than 500 students.
- Organizing 28 Digital Learning Activities reaching more than 7,400 individuals. Topics discussed included Smart Agriculture, Urban Gardening, Building Environmental Advocacy, etc.
- Continuing partnerships with more than 220 donor companies to recover almost 500,000 liters of used oil, 72,000 kgs of ULABs, and 28,000 kgs of recyclables.
- Continuing protection and maintenance of the La Mesa Watershed and Ecopark.
- Renewal of the partnership with QC LGU for Children's Village benefitting 115 children.
- Expanding Hotline 163 to include an FB option of reaching Bantay Bata.

Our Foundation has truly evolved into a more dynamic, efficient, and stable organization. I am very proud to have accomplished all these together with our staff, donors, supporters, and the ABS-CBN Network.

It takes a Village to achieve what we've done - and no one person can take credit for all the good we've attained and shared as ONE Team.

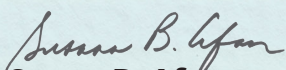

2020 has been a most difficult year. The COVID-19 Pandemic and the non-renewal of the ABS-CBN broadcasting franchise hit us hard. But we remain steadfast in keeping the Foundation relevant and strong for generations to come.

As we look forward to AFI's new chapter, it is with great hope that I pass on the baton to one of Gina's beloved sisters. Roberta "Berta" Lopez - Feliciano is Kapitan Geny's youngest daughter. She has the DNA of a Lopez — kind, generous, down-to-earth with a genuine love and desire to serve and uplift the plight of Filipinos. I could not ask for a better person to continue our mission.

It has truly been my honor and privilege to be working for the ABS-CBN Foundation as Managing Director and I look forward to staying on as part of the Board.

AFI's Best Days are still ahead!

Forever Kapamilya.

Susan B. Afan

ABS-CBN Foundation Managing Director,
2016-2020

“

What has remained the same in the Foundation is a pervasive network of connections both human and institutional that serve a single purpose - the desire to help, born out of love for country.

Message of the Managing Director

As I step into the ABS-CBN Foundation, the winds of change have been howling non-stop. The guiding light for almost three decades went dark when my sister Gina Lopez left this physical world for another. The COVID-19 pandemic for all of 2020, and most probably for a couple more years, will forever shift the pace and manner of living and being.

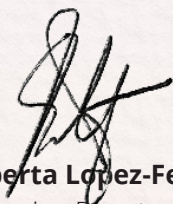

What has remained the same in the Foundation is a pervasive network of connections both human and institutional that serve a single purpose - the desire to help, born out of love for country. From Day One, there was no doubt in my mind that this core purpose and strength would provide the grit necessary to step into a New World of possibilities.

We often look to leadership for the *raison d'être* or the reason why an enterprise is so. And yes, leadership plays a major role in steering the ship but every single person's contribution to the whole is what has made this Foundation as successful as it is today.

I step in with the same desire to be of help but not only to our countrymen but to the grit and muscle of the Foundation. They are the ones I need to look after because they are the true unsung heroes in this world of upliftment. They are the ones that will fill in all the spaces for the collaborative leadership I intend to employ to drive their bright minds and soft hearts with. They are the ones that will make certain we continue forward making impactful changes that will benefit not only the many communities we work with but give our donors and partners a reason to continue supporting us.

In the Service of the Filipino continues to be the beat to which we march. It is the same beat that others march to along with us. And just as I am determined to ensure the well-being of the Foundation's employees, I am equally determined to harness creativity and know-how in order to make each peso and centavo make a sustained difference.

It is with hope and gratitude that I envision a Foundation poised to take on the howling winds of change.

Roberta Lopez-Feliciano
Managing Director

About ABS-CBN Foundation, Inc.

ABS-CBN Foundation, Inc. (AFI) is a committed public service advocate in strategic sectors of Philippine society. AFI aims to awaken hope in the Filipino through implementing projects via multisectoral partnerships in the spirit of Bayanihan. These are in child care and protection, education, environment, disaster management and community development.

AFI has four major programs – Bantay Bata 163, Bantay Kalikasan, Sagip Kapamilya, and Programa Genio.

Bantay Bata 163 is a 24-year program catering to child protection and family development. Its flagship programs include Hotline 163 and the Children's Village. Bantay Bata 163 also offers medical and educational assistance to children at risk, abused children, and children from ultra poor families. Bantay Bata 163 has extended its services to include interventions that cater to mental health, particularly of children.

Bantay Kalikasan has 23 years of experience in implementing projects whose goal is the protection and enrichment of the country's natural environment. Its major projects include the Rehabilitation of the La Mesa Watershed and Ecopark, Kapit Bisig Para sa Ilog Pasig, Bantay Baterya and Langis, and the GREEN Initiative.

Sagip Kapamilya traces its roots 31 years ago when ABS-CBN decided to do public service by helping those that are affected by calamities and disasters in the country. Formally organized into a program in 2004, Sagip Kapamilya is always present during humanitarian crises in the country. It specializes in early recovery efforts, needs-based rehabilitation projects, and disaster risk reduction projects.

Programa Genio designs and implements school development programs and projects with the objective of contributing to the national goal of basic education in general, and providing assistance to the senior high school programs of its adopted schools to assist the children with the most need, these programs are conducted mostly in disaster areas.

AFI is affiliated with ABS-CBN Broadcasting Corporation, one of Asia's biggest media conglomerates. ABS-CBN Broadcasting Corporation is AFI's most consistent and top supporter in its 31 years of existence. AFI also draws on this relationship to tap into the creativity and reach of media for its various programs.

AFI has a 5-year accreditation from the Philippine Council for NGO Certification (PCNC). The PCNC accreditation is not only a seal of good housekeeping but also grants AFI the status of a Donee Institution by the Bureau of Internal Revenue (BIR). This status exempts AFI donors from paying the donor's tax everytime they donate to the Foundation. It also has a license to operate from the Department of Social Welfare and Development (DSWD).

Vision

Our vision is to become the Philippines most trusted foundation where partners can work together for the common good of our nation.

Mission

To holistically transform lives of Filipinos by protecting our children, enriching the environment and building resilient families using media and partnerships to contribute towards nation building.

Values

Stewardship **M**alasakit **I**ntegrity **L**eadership **E**xcellence

Accreditations and Affiliations

5-Year Accreditation from the Philippine Council for NGO Certification (2019-2024)

Permit to operate from the Department of Social Welfare and Development for CY 2020

AFI and The United Nation's Sustainable Development Goals

The Foundation ensures that its projects are aligned with the U.N.'s Sustainable Development Goals (SDGs). In 2020, AFI, through its projects, contributed to the following SDGs:

Areas of Reach

-  Bantay Bata 163
-  Bantay Kalikasan
-  Sagip Kapamilya

Despite the challenges brought by the pandemic, the Foundation was able to deploy its services to 53 provinces including NCR.*

*This excludes programs that have a Nationwide scope, such as Hotline 163 and Bantay Baterya.

ALKFI TIMELINE

2014

- GINA LOPEZ RETIRES AS MANAGING DIRECTOR AND TRANSFERS THE MANTLE OF LEADERSHIP TO CLARISSA G. OCAMPO
- GINA LOPEZ BECOMES ALKFI CHAIRMAN

2015

CLARISSA G. OCAMPO
RETIRES AS ALKFI
MANAGING DIRECTOR.

What our Donors Say

At a time when Filipinos were facing much uncertainty, disaster relief efforts were crucial not only to help them sustain their lives, but also to reassure them that someone is looking out for them and will help them make it through the next day, the next week, and the next month, until they can get back on their feet again.

With our concerted efforts, we were able to make it happen. The programs we mounted last year, including *Ligtas Pilipinas sa COVID-19*, *Pantawid ng Pag-ibig*, and *Bangon Luzon*, all made a difference in the lives of so many Filipinos. Efforts to provide relief to survivors of typhoons *Rolly* and *Ulysses* and to share *Noche Buena* packages also lifted the spirits of our kababayans who were dealing with worries and uncertainties.

Partnerships allow us to do more because we are always strongest as one. And we are very thankful to have in ABS-CBN *Lingkod Kapamilya*, a partner that not only has a wide reach and a clear process in mounting disaster relief operations, but more so a heart that genuinely cares for others and treats them as true *Kapamilya*.

BENEDICT SISON
CEO & Country Head, Sun Life Philippines and
Chairman, Sun Life Foundation

We have seen the good work that ABS-CBN Foundation has been doing in the community, and we want to be part of that process of transforming lives for the better. Being primarily a petroleum brand that has evolved into a multi-industry company, we at Phoenix embrace expansion and diversification. This is reflected in our growing list of offerings, and also in the manner in which we practice philanthropy. While we have initiated our own initiatives to preserve our environment, and empower the community, we believe that there are areas in each company's programs that will benefit from the assistance of external partners. We also view it as an opportunity to reach out to more Filipinos and work with communities that we otherwise have no access to. After all, through synergy, we can achieve more, and uplift even more lives together.

We are one with ABS-CBN Foundation in creating a more inclusive and empowering environment for Filipinos everywhere as this aligns with our vision of Phoenix as an indispensable partner to those that we serve. Supporting the foundation's programs allows us to better achieve this goal through innovative partnerships that pave the way for sustainability and community development. There is a common noble goal, which is to help, and this drives us to extend support to other organizations that are consistent in their pursuit to assist those in need.

At Phoenix, we employ a multi-pronged approach in giving back and making the world we live in better than how we have come to know it. Our programs are anchored on the principles of Education, Environment, Health, Outreach, and Safety, which we believe are the most important elements in a fulfilling life. Having these clear priorities when developing programs to empower others, we have established collaborative projects with *Bantay Bata*, *Bantay Kaliksan*, and *Sagip Kapamilya*, to achieve a holistic perspective of sustainability.

MARC SALBORO
Brand & Marketing
Phoenix Petroleum Philippines, Inc.

ABS CBN Lingkod Kapamilya Foundation (ALKFI) has been a valued partner of GCash for its GCash for Good Corporate Social Responsibility Campaign which specifically aims to help registered NGOs in the Philippines with their causes and advocacies. ALKFI has been the pioneering partner which supports our thrust of partnerships and is very much aligned with our sustainability goals.

ALKFI has always been one with GCash in its goal of promoting social good, financial inclusion, and nation-building. ALKFI has effectively mobilized the funds donated thru GCash for intended recipients and purposes with their expertise and resources available especially during calamities affecting the nation and has managed the funds in full transparency.

GCash continues to trust and support this valued partnership with ALKFI because of its good standing and reputation.

MABEL M. NIALA

Corporate Affairs Division-Consumer Group
Mynt (Globe Fintech Innovations Inc.)

At Johnson & Johnson, we've always believed that we have a responsibility to the communities where we live and work, and that we should support good works and charities. This belief completely aligns with the core values of ABS-CBN Lingkod Kapamilya Foundation (ALKFI) on service and the common good. By supporting ALKFI and their different programs, we at J&J Philippines are able to contribute to nation-building, and be of better service to the communities around us.

ALKFI has been a strong partner these past years, and we truly feel that through this partnership, we are able to improve lives, and change the trajectory of health for humanity.

At J&J, we believe that we also have a responsibility to our patients, customers, mothers and children that use our products and services. One of our focus areas is on caring for the overall health and well-being of women and children, which is also the priority area that ALKFI supports through their various programs and initiatives.

SEAN O. ZANTUA
HR Lead, Johnson & Johnson (Philippines), Inc.
and Global Services Manila

"Last year, we at Tahanan Scents wanted to pursue an advocacy for (our) small business. (That's why) we thought of adopting a scholar. We started donating to ABS-CBN Foundation through Ms. Jing Castaneda. She was the bridge to Ms. Lucille who was the Resource Mobilization Officer in charge of Bantay Bata. The reason we chose ABS-CBN Foundation was because it's close to home. Since I'm working in ABS. We supported the scholarship advocacy because we want to see through. As much as our small business will afford, one kid at a time. That's the goal. It does not need to be instantly many. Even if it is just one child, (we believe) it will create a difference."

MARC "MACOY" INFANTE'
Owner, Tahanan Scents

Feedback from Beneficiaries

Thanks to the guidance and mentoring of ABS-CBN Bantay Kalikasan, our social enterprise activities (that provided us livelihood) continued despite the pandemic. We persisted as other ventures like ours have stopped doing business. The trainings not only provided additional knowledge on how to make our enterprise resilient. They also helped us have better teamwork and cooperation so that we, as an association, can weather the impact of the pandemic.

Renilda Partida
SMMART People's Organization
(Carles, Ilo-ilo)

Thanks to AFI and Sunlife for remembering us, the garbage collectors. Despite the danger in our job (we collect garbage from quarantine facilities and COVID-19 high risk areas), I am happy that someone remembered to give to us during Christmas. My family will surely be delighted that we can celebrate Christmas with the package you gave.

Renato Talisic
Garbage Truck Driver,
Concepcion Dos, Marikina

Thank you AFI and Sunlife for being a blessing. With your gift, we will be able to gather around the table and celebrate Christmas as a family. We were devastated by Typhoon Ulysses but we are thankful that you did not forget us and that the help you give is continuous.

Virginia Malaborbor
Earth Warrior member/
Sweeper, Cleaner
Concepcion Dos, Marikina

This Noche Buena package is a big help to my family since I lost my job due to the pandemic. At least we will be able to celebrate Christmas because of the package you gave us.

Rogelio Calim, Tumana, Marikina

The relief pack sent by Bantay Kalikasan to us Earth Warriors is very timely for me. We are in a hard place right now as my husband and eldest son lost their jobs. As of now, we are totally dependent on the social amelioration from the government amounting to 2,500 every other month. As a giveback, I promise, as a mother, a leader, and an Earth Warrior to help in my community in any way I can.

Elsie Nacilam, Earth Warrior (Tumana, Marikina)

I am very happy to receive the pocket wifi from SMART. This will be a big help for us BEDUK scholars in our studies. May this be a beginning of many blessings from SMART.

Enrique Vista Jr. Bantay Edukasyon, NCR Scholar

Thank you, ABS-CBN Foundation Inc. (and partners) for all the projects you invested in our community here in Tumana, Marikina. The linear park did not only beautify our community but it provided a direct access for students going to school. The livelihood programs provided a much-needed income stream for members who lost their jobs and who were not able to return to their jobs due to the pandemic. You also did not abandon us during the typhoon season but gave us relief packs and helped repair our homes. Truly, you are our light for 2020.

Geraldine Anigan,
Earth Warrior (Tumana, Marikina)

The crisis has really tested our capability to cooperate and look after one another. When the relief packages from ABS-CBN Foundation came, it was enough for the 30 members of our association. However, we decided to re-divide and make it so that 47 families will benefit. Aside from practicing “Share the Love”, the happiness and gratitude in the faces of the additional families that benefitted from the shared goods. We also did not want to use disposable plastic so we brought the goods using pails to the members.

Insha Allah, we are looking forward to our upcoming aquaculture livelihood project with ABS-CBN Foundation

Myradia Javier
Purok Jolohano
Women’s Association,
Brgy. Sapu Masla,
Malapatan, Sarangani

After attending the webinars, we have come to terms with our anxieties and we have set more realistic goals with what our students can learn and what we can accomplish as teachers and individuals in this time of pandemic. We have also learned to sort our uncertainties as individuals and learn to know more ourselves and accept what we can do and improve on what we cannot. We now realized that the only way to do it is to take care of ourselves more. By doing so, we can achieve more for our students, our families, and ourselves and we are very grateful to ABS CBN for all of these.

Melinda F. Celoso
Teacher II, Leodegario D.
Deocampo Sr. National
High School
Roxas, Capiz

With the help of the BUY-anihan Project of Bantay Kalikasan, we as farmers were able to directly sell our vegetables and cut flowers to buyers that significantly earned us an income. Otherwise, because of the pandemic, all our products could have been wasted and turned to compost.

Jones Limwas,
Farmer (Tublay, Benguet)

Feedback from Beneficiaries

At the end of the year 2020, a great news came to us that ABS-CBN Programa Genio will be sending us a risograph machine. We were overjoyed. The agony of hours of printing will finally be over. When the Risograph Machine finally came, we were all ecstatic upon learning how efficient it works. We are amazed that it could print hundreds of copies in just a few minutes. Thus, God had answered our prayers. And so, modular distance learning became easy and was carried out smoothly in our school because of our partnership with ABS-CBN Programa Genio. We are and will forever be grateful for all that you have given to our school, learners and teachers.

Mary Grace A. Lorca
Senior High School Coordinator
Salngan National High School
Passi, Iloilo

I collect garbage, do laundry, and sell vegetables and I barely make ends meet for my family. My child's birthday is on December 25. Thanks to you we will be able to happily celebrate her birthday and Christmas at the same time.

Mylene Sales
Malanday, Marikina

"Our members are heavily dependent on the river cruise ecotourism. When the pandemic struck, many of us lost our source of livelihood and income.

We are thankful that part of the training we received from ABS-CBN Foundation included proper financial stewardship. Our organizational savings have been a great help to members who have been really struggling. The relief packages sent during the pandemic also went a long way in helping our members during the pandemic.

Myrna Fulo at Elsa Malecki
Buhatan Rivercruise,
Brgy. Buhatan, Sorsogon City

It is not how much we give, but how much love we put in to giving. -St. Theresa
First of all, I would like to express my deepest gratitude for this program you made for us learners. By giving us power banks that will aid in accomplishing our outputs and performance task in school. Before, I used to run 2hrs in our socket at home just to charge my phone. But now, I am happy and proud to say that I am blessed to be one of the recipients of this program. Taos puso po akong nagpapasalamat sa inyong lahat. Mabuhay po kayo!

Jamaica Diaz
Grade 12 –GAS student
Gemumua Agahon NHS
Passi, Iloilo

“With the camp closed due to the pandemic, we are doing our best to earn a livelihood and support the children and members that chose to remain in the camp. Despite some of the members going home, there are still 20 members that we support inside the camp.

The relief extended the help we are giving to members by providing food items also to their families. A total of 58 families benefitted from the relief packages. We made sure to follow the protocols in delivering the goods in respect to our medical frontliners.

As giveback, we are doing a Buy One, Share One program. Everytime a customer orders food, we match the order and deliver it to medical frontliners here in Sorsogon. This is our way of showing support to our frontliners.

Noli Mercader
Lola Sayong Eco-Surf Farm,
Gubat, Sorsogon

“As we express our gratitude, we must never forget that the highest appreciation is not to utter words, but to live by them.”

We had learned a lot from the seminar especially on how we become more effective and efficient teacher in future as we continue to share our knowledge to our students. Thank you for the Risograph we are using it very well. May the Lord bless those people, especially the ABS CBN staff that you may continue to share to those people who are in need.

Shane Marie G. Rivera
Teacher 1, Basiao National High School
Roxas, Capiz

The impact of the donation given by ABS-CBN will lessen the problem when it comes to the materials that teachers need in order for them to attain their targets in module reproduction and distribution. Before, they were struggling to provide us a 1:1 ratio of modules and sometimes they use their own money to buy materials needed for our modules just to make sure that our modules are completely distributed. But after your donation, the problem of our teachers were answered. They consistently give their best for us to learn and gain the necessary knowledge. With your help, the school’s burden brought by this pandemic was lessened.

Getting to know AFI's New Leaders

Roberta Lopez Feliciano

Managing Director

What were your initial thoughts and feelings when you were informed that you will be the next AFI Managing Director?

Disbelief and gratitude. Disbelief because I was completely ill-equipped for the job in terms of corporate experience. Gratitude because I was being given a chance to do something for our country on a silver platter. I also felt that the empty space that only God could fill got much smaller.

How did GL factor into your decision to accept the Managing Director post?

Oh my, God! I promised myself, I would never work for Gina because I love her too much and I knew she would drive me crazy. But here I am, working for her, in a way because everything I see and do in this incredible foundation is her legacy. She once said in a TV interview with Boy Abunda, "I want to make a difference. I want to have left the country in a better state," and she achieved those goals. Hands down. And now, I understand why she said that because I feel it, too.

Being the new managing director of AFI what are your priorities for the foundation?

People. Whether in the foundation or in a community, that will always be the starting point for me. Of course, once you've set what matters most, the rest fall into place and the work that must be done is set into motion.

Did GL influence you in advocating for environment related causes?

I will have to say yes. In fact, my first foray into a more formal expression of this was the SEA

Institute. She literally pivoted her heart during the meeting that I was not even a part of and said, "You do it. You scuba dive. You have a place by the Verde Island Passage."

What is your leadership style?

Well, I am not a bossing like Gina. I prefer to lead by collaboration and consensus. I truly believe that inputs specially from those most involved in operations is very valuable since they know best.

What is a job well done to you? How will you say that AFI has achieved its mission in its projects and advocacies?

On a long view, and often unknown sometimes, like the case of Jeff Bunquin, whose mother Erlinda received help from the Foundation microfinance program in the early 2000s. Jeff is now a scientist and works with ExxonMobil in Texas. This is a huge success that we learned about by chance. So, we don't always get to know for sure what we do has been worth it but somehow the stories of success find their way back to us. Then, they are now measuring we put in place to monitor and assess community give hard data regarding impact. But the most rewarding is the feeling when you see the immediate help you give is necessary and you are able to organize and deploy quickly to address this need. This feeling tells me that what we are doing is important and necessary. And we need to continue until we no longer are needed.

Considering the lockdown and quarantine, how did AFI manage to still serve its beneficiaries?

Sagip Kapamilya, our disaster relief and resiliency program never stopped. The pandemic was and

appears to be a never-ending disaster relief effort. Of course, the collaboration with People's Organizations and LGUs was and always will be crucial in helping us deploy relief goods specially during ECQ when people were not allowed to leave their homes at all. Our donors, both large, like corporations and businesses, and small, like the countless number of people that donate digitally, they make possible all the work we do.

How can people still help the foundation's beneficiaries in their small way?

Volunteer and donate. We are now creating a more robust volunteer program that will help fill in the gaps and provide learning opportunities for others that volunteer. And of course, donations no matter how small, make a big difference. One of our biggest sources of donations from individuals was the Bantay Bata coin banks. You wouldn't think that the few coins here and there make a difference, but they did.

Any additional thoughts or words of encouragement for our Kapamilyas during this time?

What we are now experiencing are unprecedented challenges, very similar to going through a war perhaps. But history has shown us time and time again that the human spirit so long as it is coupled with belief in the service of the Filipino in our case, there's no limit to what we can do. What we may not be destined to be is the next big thing or movement but we will certainly be the reason why the next big thing happens because who knows the person or community we help or helped could truly be the next big thing. So, we will be happy with being one of the reasons the next big thing happens, you never know.

Ernie Lopez

Director of Advocacy

What will be your main role as the Director for Advocacy of the Foundation?

I see my role mostly as a communicator. I think it's my job to tell people about the Foundation and the different advocacies we have. We have three basic advocacies right now basically, Bantay Kalikasan for the environment. Sagip Kapamilya to take care of the families and disaster relief and also Bantay Bata, taking care of the kids. Those are our three main advocacies and it's my job to communicate what the Foundation is going to do. And I want to communicate the vision that we have. The vision that I have is a country where everybody is helping each other. We're not tearing each other down. We're not just criticizing and complaining. Let's spend our time actually doing something that will make a difference. I'd like to spend my time, energy, and resources in area development in whatever way I can and encouraging others to do the same. I truly, truly believe that the problems of our country are not impossible, they're not impossible. Just like with any problem, you just have to break it down, break it down into small manageable pieces and then its manageable and it can be done. It can be solved. And I know, there are so many good people, good companies, in our country, who are willing to help but we just

have to organize, get the word out, and organize it. So it can be done.

How did GL influence you to join the Foundation?

The first time I got involved in the Foundation was when we had the earthquake in Baguio. It wasn't called Sagip Kapamilya yet but the Foundation put all the goods together to send to Baguio 'cos people needed help. And I remember my brother Gabby saying, "You know, Ernie, you will always be involved in this Foundation." I didn't realize how much prophetic his words were and what happened was over the years, I would just hang out with Gina. She would invite us to go on her trips going all over the country. I would tag along. She started asking me to help out in G Diaries and so, I did. And little by little, I just got sucked in. I've always enjoyed helping people, I think it is part of our natural design that when we help people, it makes us happy. That's the way God designed us. She basically influenced me just by being her. She's this little cyclone, this little typhoon that goes everywhere that helping people and she sucks everybody in with her. We all get hilo, we got a good time though.

The Legacy of Gina Lopez

**An heiress.
An environmentalist.
A public servant.**

“We have this life. We live it well – and through the quality of our relationships and the courage to stand for what is right, we leave the world a much better place to live in.”

“I rest on truth when I need to make decisions. It has a holding energy. In times of crisis and chaos, it gives a tremendous amount of strength.”

“Light is always more powerful than darkness. If we can learn to rest our consciousness on light, rather than on our fears, our life can take on frontiers that are exciting and wonderful.”

This is Gina in her own words, her reflections, and who is in the eyes of her family and those whose lives she has touched.

I AM GINA book is now available.

what she stood for
And how she changed
the world.**

Program Highlights:

The Prelude of Things to Come

In 2020, ABS-CBN Foundation Inc. (AFI) hit the ground running. AFI's first challenge came about with the eruption of Taal Volcano on January 12. Technically, the eruption lasted for 10 days. The magnitude and lingering effects of the eruption, however, will last for months. For some, the impact was even longer, as those who resided on the volcano island have not been allowed to return there.

The Foundation and ABS-CBN Broadcasting Corporation, who at that time, was in the midst of preparing for a Senate hearing prior to the formal congressional hearing for the renewal of its franchise, heeded the call for help of those affected by the eruption. Thus, three days after the actual volcano eruption, the campaign "Tulong -Tulong Para sa Taal" was launched.

"Tulong-Tulong sa Taal" brought together the efforts of AFI and ABS-CBN for those devastated by the Taal eruption. ABS-CBN once again shelled out the initial funds needed to jumpstart the campaign and provided airtime to inform the public and those overseas about the plight of the people living near the volcano, and that they needed help. The campaign united Filipinos, both at home and abroad, and help in the cash and in kind began to pour in.

Sagip Kapamilya was at the forefront of relief operations. Relief packs distributed benefited 20,355 families or 101,775 individuals. Also, 5,403 people, mostly in evacuation centers, enjoyed hot meals from the soup kitchen. Bantay Bata 163 was able to give psychological services to 663 individuals in over a hundred evacuation centers.

“Serbisyo at Saya” were also delivered in evacuation centers with the help of ABS-CBN employees, Lopez Group volunteers, artists, programs, and subsidiaries. “Serbisyo at Saya” caravans from ABS-CBN offered medical missions, fun activities and other useful services to help the displaced residents keep well physically, emotionally and psychologically.

After the volcano has considerably calmed down and people are beginning to have a sense of normalcy in their lives once again, the worldwide COVID-19 pandemic broke out.

Program Highlights:

Love in the Time of Pandemic

We hope that no Filipino will suffer from hunger at this difficult time. As we have proven many times before, it is our love and concern for each other that will get us through any crisis”

- Carlo Katigbak,
ABS-CBN President and CEO

The lockdown came in the midst of AFI still conducting relief and rehabilitation planning for the Taal eruption. Also, the Foundation is supporting ABS-CBN Corporation in its fight for the renewal of its broadcasting franchise by preparing for the congressional hearings that were scheduled in the months to come.

And then the fateful day of March 16 arrived. At noon, the government appealed to the public to stay at home to curb the spread of the COVID-19 virus. Many Filipinos were unable to work or continue with their livelihood to sustain the needs of their families. This was especially hard for workers in the National Capital Region (NCR) and nearby provinces Rizal, Cavite, Bulacan and Laguna. The NCR is the main hub of economic and business activities in the country. When it became the epicenter of the pandemic in the Philippines, many economic activities were significantly impacted resulting to companies closing or downsizing. This led to the job disruption for many workers especially in the sectors of trade, transportation, hospitality and accommodation, construction, and healthcare. Many Overseas Filipino Workers (OFWs) were also repatriated because the overseas companies that they worked for have closed due to the pandemic. The disruption in the labor market resulted to a lot of families experiencing hunger because of the inability to buy food and other basic needs. A survey conducted showed that hunger incidence was at its highest during the month of September at 30.7%. This means that 7.6 million Filipino households or approximately 45 million Filipinos were involuntarily experiencing hunger because they do not have food to eat.

Four days after the government declared a lockdown on NCR and nearby provinces, AFI partnered with ABS-CBN Broadcasting Corporation who was facing two unprecedented challenges. First was the impact of the pandemic to its businesses, and then the mounting opposition to the renewal of its broadcasting franchise from the controlling bloc in congress. The partnership gave birth to the “Pantawid ng Pag-ibig” Campaign. The objective of the campaign is simple – that no Filipino will suffer from hunger during the pandemic. It is a partnership between the local government units in Metro Manila, corporate partners, corporate donors, and individual donors to provide food and basic necessities to Filipinos greatly affected by the imposed enhanced community quarantine.

COVID-19 Impact to Filipinos and the Philippines (2020)

To jumpstart the campaign, Katigbak announced that the Lopez Group of Companies has donated P100 million to “Pantawid ng Pag-ibig.” With more help coming in from both the public and private sectors, and the continued trust and cooperation of local government officials, ABS-CBN hopes to extend the campaign to areas beyond Metro Manila where many other Filipinos are also in need of help.

Within days after the Lopez Group donated the seed money for the campaign, another P100 million was donated by Project Ugnayan. Project Ugnayan is a collaboration among business groups and Philippine Disaster Resilience Foundation (PDRF). The project is a fundraising initiative of top business groups together with PDRF that was able to raise about P1.5 billion to help 7.6 million Filipinos in the Greater Metro Manila Area.

Project Ugnayan Donor Companies:

Aboitiz Group, ABCSN/First Gen, Alaska Milk Corporation, Alliance Global Group & Megaworld, AY Foundation & RCBC, Ayala Corporation. Bench/Suyen Corp, Bonifacio West Devt Corp. Carmelray Group, Cathay Land, Inc, Cebuana Lhuillier, Century Pacific, Coca Cola Philippines, Concepcion Industrial, Consuelo “Chito” Madrigal Foundation, Inc., Daiichi Properties, DMCI Group of Companies, Dowell Container and Packaging Corporation, Far Eastern University, First Life Financial Company, Focus Global, Inc., Global Food Group, Glorious Commercial Exports, Inc., Gokongwei Group of Companies/Robinsons Retail Holdings, ICTSI, JAKA Group 1, Jollibee, J.P. Morgan, Kawit Prime Holdings, Inc., Leonio Group, Mercury Drug Corporation, Metrobank, Mumuso Group, National Grid Corp of the Philippines, New World Hotel, Nutri-Asia, Oishi/Liwayway Marketing Group, One Meralco Foundation, Penshoppe, People R People, PepsiCo/PepsiCo Foundation, Philippine Racing Club, Inc., Pilipinas Shell, PLDT/Metro Pacific Investments Corporation, Puregold, Ramon S. Ang & Family, RRK/Lee Jeans, Shang Properties Inc, SM/BDO, Sta. Elena Construction, Sugar Junction Inc., Sunlife of Canada, Super Prime Holdings, Inc, Supreme Steel Pipe Corp, The Alpha Suites Inc., Unilab, and Wilcon Depot

FOOD SECURITY

Hunger Incidence: **30.7%** (all time high)

Number of Households Experiencing Hunger: **7.6 Million (est.)** or approximately 45 million Filipinos

Donations, both cash and in-kind, began to come in to help in the campaign. Corporate donors donated not only cash but in-kind food products as well. Artists, theater companies, and famous personalities utilized the power of the digital space to bring people together and encourage them to donate to the cause.

Payment and online banking and shopping platforms also promoted and accepted donations for the “Pantawid ng Pag-Ibig” campaign allowing the public to safely and conveniently donate any amount that is from their hearts to be able to help those who are in dire need.

During the duration of the Enhanced Community Quarantine (ECQ), donations and purchased goods from monetary donations were sent directly to the Metro Manila LGUs. The LGUs then took charge of distributing the goods to their constituents. The Public Service Team of ABS-CBN's Integrated News and Current Affairs (INCA) then went with the LGUs during the distribution. Updates from INCA's documentation of the distribution were then aired every night at TV Patrol.

Sagip Kapamilya also partnered with Samahan ng Nagkakaisang Pamilyang Pantawid (SNPP) in determining potential beneficiary families from poor urban sectors, coordinate and submit the names of the families to LGUs and assist in the distribution of relief packages to these families.

By the end of 2020, Sagip Kapamilya had delivered relief packages to 925,000 families in 23 provinces nationwide. This includes more than 20,000 Noche Buena packages given to families of medical frontliners and ultra poor families that brought light and joy in their households during the Christmas season.

When the quarantine restrictions were eased to a lesser degree, Sagip Kapamilya took over the reins of implementing the campaign. By this time, COVID-19 has created new areas of concern aside from NCR. Sagip Kapamilya made sure to deliver much needed relief to other parts of the country as well, including Cebu in Visayas, and Davao City in Mindanao.

By the end of 2020, Sagip Kapamilya had delivered relief packages to 925,000 families in 23 provinces nationwide. This includes more than 20,000 Noche Buena packages given to families of medical frontliners and ultra poor families that brought light and joy in their households during the Christmas season.

Sagip Kapamilya also formed a partnership with the commissary of ABS-CBN's Restaurant 9501 and Feeding Metro Manila (FMM), a non-profit organization, designed to address hunger issues in the Philippines. Together, they cooked and distributed hot meals for frontliners, indigent families, and those that are in need. With much courage and caution, they distributed the goods even where there were quarantine restrictions and health hazards.

A sub-campaign of "Pantawid ng Pag-Ibig", "Ligtas Laban sa COVID-19", aimed to help provide much needed Personal Protective Equipment (PPEs)

to our medical front liners. Among the first beneficiaries were the medical front liners in East Avenue Medical Center as ABS-CBN delivered masks, safety goggles, biscuits and energy bars to show support and Kapamilya love to those leading the fight against COVID-19. Children from Bantay Bata and BK communities also wrote letters of encouragement and drew posters to show their thanks to the medical front liners. Their artwork and letters were included in the donations given to the institutions. As of December 31, "Ligtas Laban Sa COVID-19" has provided PPEs and other necessary equipment and personal needs of medical frontliners in 133 hospitals and 26 institutions in NCR, Central Luzon, Calabarzon, Central Visayas and Eastern Visayas.

Ligtas Pilipinas sa COVID-19

Program Highlights:

Adjusting to the Needs of Filipinos in the New Normal

Supporting The Department Of Education’s (Deped) Pivot Towards Distance Learning

The advent of the COVID-19 pandemic has significantly changed the landscape of delivering interventions and projects to serve Filipinos in need. In order to remain relevant, AFI pivoted and evolved its projects to cater to and have an immediate impact in the “new normal” of the Foundation’s target beneficiaries. The following are some projects that were implemented in 2020 to address the changing needs of AFI’s beneficiaries.

Through Sagip Kapamilya and Programa Genio, 38,112 Students + 1,631 Teachers in 41 schools supported to Covid 19 transitions with risograph machines, bond papers and storage boxes

7,494 Students from 21 schools provided with Powerbanks

Bantay Bata 163 launched “A Cup of Hope”, an online campaign in partnership with Pass It Forward to help kids cope transitioning from face-to-face learning to homeschooling or modular learning. This campaign helped Bantay Bata scholars by providing them their basic educational needs during the quarantine. The assistance given were in the form of mobile data allowance, food and school materials, for them to be able to continue their studies in the midst of the pandemic.

Bantay Bata 163 partnered with Smart Communications, Inc. (SMART) to support the connectivity needs of students in the Children’s Village (CV) and its Bantay Edukasyon scholars in the midst of the pandemic and in the Department of Education’s shift to distance learning. Under the partnership, SMART provided 400 units of SMART Bro LTE Pocket Wi-Fi pre-loaded with mobile data packages, that can help the scholars and the CV kids with their online classes and activities.

“It would really help our scholars so much because we know that now, there’s no face-to-face learning, and most of the classes are happening online. So, this is such a big blessing because not only will they be able to get in touch with their teachers and fellow students, but they will also be able to access the whole online world,” said Ernie Lopez, Executive Director at Bantay Bata.

“Connectivity is an important tool to support education, especially in the pandemic. And Smart has been put in a unique position to address the evolving needs of our customers and beneficiaries. Our partnership with Bantay Bata is the latest in our efforts to equip Filipino students with the connectivity they need, to ensure that there’s no learner left behind as we transition into the next normal,”

– Jane J. Basas,
SVP and Head of
Consumer Business,
SMART

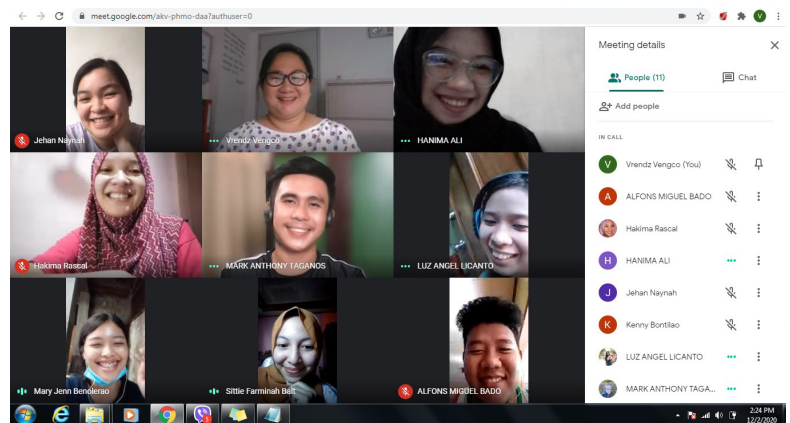

“To our beneficiaries, to our scholars who would receive these Wi-Fi units, study well. And more importantly, ipasa ang pag-asa,” Lopez added.

Program Highlights:

Adjusting to the Needs of Filipinos in the New Normal

Using Digital Technology to Continue Serving Teachers and Students

Programa Genio (PG) is the program of Sagip Kapamilya that implements all its education related rehabilitation projects. PG envisions to bring out the genius in every Filipino child it helps. Its focus is on assisting junior and senior high schools in the implementation of K-12 in partnership with the Department of Education.

Program Highlights:

AFI's Commitment to Serve Continues

Like all organizations across the world, the ABS-CBN Foundation adjusted its ways of working to respond to the COVID-19 pandemic.

To continue with its commitment to serve, the Foundation implemented a work-from-home policy for all its office-based staff, to minimize the risks of exposure to the COVID-19 virus. Visits to the office or to do field work are limited to those identified as most essential to safeguard the well-being of our employees and their families.

In addition, those designated as field staff are provided with health and safety equipment, and are tested for COVID-19 on a regular basis, at the expense of the Foundation.

The Foundation office premises, including the Sagip Kapamilya warehouse and other areas of operations are regularly sanitized to protect essential workers in these workplaces.

Nevertheless, the Lingkod Kapamilya continued to feed the hungry, to rescue children in distress, and to care for the environment. The Foundation continued to engage donors of the various Programs through virtual interactions, bolstering partnerships and finding innovative ways to make donating to these causes easy, convenient, and most of all, safe for everyone.

Charity begins at home, as the saying goes. We at ABS-CBN Foundation put health and safety of our Kapamilyas as our top priority—that the service we provide to those in most need becomes more meaningful.

Stripped down to our core, we remain...

In the Service of the Filipino

May 5 will be recorded in the annals of ABS-CBN forever. It marks the second time that the network has been ordered by the National Telecommunications Commission (NTC) to cease all its free TV and radio broadcasting by virtue of the non-renewal of its broadcasting franchise by the congress of the Philippines.

Because of the non-renewal of the franchise, AFI lost valuable airtime that is a significant leverage in its partnerships and in broadcasting its advocacies. ABS-CBN also provides a substantial amount in the yearly donations received by AFI as ABS-CBN is always the first to give donations during calamities and disasters as well as in the conduct of public service. The loss of airtime also means loss of donors and partners that co-advocate certain causes and projects of AFI that utilize free TV. AFI looks for an effective way to inform our Donors about what help our Kapamilyas need, and what help we were able to extend.

Although AFI lost a significant donation stream compounded by the economic impact of the pandemic to its long-time partners and donors, the Foundation remains undeterred in its mission to serve the Filipino. With the help of donors and partners who continued to support and resonate with AFI's advocacies, the Foundation was able to continue its programs for the children, the environment, and for those affected by natural calamities and disasters.

Program Highlights:

Bantay Bata 163

“ Para sa bata at pamilyang Pilipino.”

Ms. Gina Lopez's belief in the possibility of giving a better life to the children resonates till now. Her conviction that every child has rights and should be given initiated the launch of Bantay Bata Hotline 163, the first media-initiated hotline launched in 1997. Followed by the rescue and giving shelter, its heart (?) is providing the kids simple but essential things like nourishment, protection, and genuine concern for their welfare. This is the core mission of both The Children's Village and Bantay Edukasyon. Bantay Bata's goal to rescue, protect and love the Filipino children is still a work in progress even after 24 years of its existence.

Last February 14, 2020, the much-awaited celebration of Bantay Bata's anniversary got cancelled due to the pandemic to prioritize the health of kids. When the lockdown was enforced in March, kids

together with Bantay Bata Staff were also locked down at the Children's Village in Norzaragay, , while

Bantay Bata projects like the Community Outreach Program, Bantay Medical and the Bantay Bata Coin Banks, were discontinued due to health hazard reasons.

in various medical, legal, and other related concerns

After the non-renewal of ABS-CBN Corp.'s Franchise, AFI made the painful decision to close down Bantay Bata Regional Offices because most of them held office at ABS-CBN regional network stations and were greatly helped by the resources of these stations.

Amidst all these, the rise in the cases of kids who are abused and exploited rose such that our Hotline had to expand its platforms for reporting cases online.

A silver lining for Bantay Bata (BB) came in form of the renewed support of the Quezon City Government for the operations of the Children's Village until June 2021. Because of this, 115 children who were at risk, abandoned, or neglected were given care and were greatly helped as they heal from the trauma they experienced.

In 2020, 54 children were also re-united with their families and/or relatives. Most of the reintegrated children have been lost or were abandoned by their parents. With the help of DZMM Public Service platforms that regularly broadcast the pictures of lost or missing children from the village, family members who watched and saw them on TV or in their digital devices immediately contacted Bantay Bata. A verification process is then followed and if everything checks out, the child is given to the custody of the immediate family or relative.

Many Bantay Bata donors were impacted by the economic effects of COVID-19. Many corporate and individual donors had to stop supporting Bantay Bata's projects for the meantime until they recover from the effects of the pandemic. Bantay Bata is thankful to the donors and partners who stayed on board and continued partnering with the program. However, creativity is a must in order

**Assisted 42
children**
with their schoolwork
done at the CV

**Renewal of the
partnership with
QC LGU**
(until June 2021)

to continue sustaining Bantay Bata's projects. The end of the year online concert, "Munting Himig ng Pag-ibig", is a prime example of a creative way of fundraising. The online concert gave an avenue for kids to spread some cheer through online caroling, which featured the newest single of Mr. Martin Nivera "A Brand-New Christmas", composed by maestro Louie Ocampo, which was about having a Christmas without fear. Artists like Ms. Judy-ann Santos, Enchong Dy, Budding Singer Sam Mangubat, ABS-CBN news anchor Ms. Bernadette Sembrano, Sportscaster Gethchen Ho, and Volunteer, Activist, Film and Television Actress, Ms. Angel Locsin, also volunteered their time to help on this campaign.

The victorious #OneNightWithRegine benefit birthday concert which happened last April 25, 2020 Saturday, along with special guests, Multiple Award-Winning Actress and Singer Ms. Lea Salonga and son of Mr. & Mrs. Alcacid, "Nate", helped gather some 4,2Million for the benefit of Bantay Bata through ABS-CBN Foundation.

***60 Scholars of
Sendong**
was monitored by
Programa Genio

The new normal made the disparity between disadvantaged kids and children who have enough even more noticeable. But no matter what the situation is, one thing is certain, that kids need to be cared for, guided, protected, nourished and loved. Only by these non-negotiable factors can a better future be realized.

Program Highlights:

Bantay Kalikasan

“ Para sa Diyos, Para sa Bayan,
Para sa Kalikasan.”

Bantay Kalikasan’s goal is for every Filipino to be an Earth Warrior. It envisions a country where Filipinos are proactive and passionate in the protection and enhancement of the country’s natural resources. Bantay Kalikasan’ strategy is to do this one community at a time, showing that socio-economic advancement and progress are possible and can be sustainable if Filipinos learn to take care of the environment.

In 2020, Bantay Kalikasan’s projects and activities were severely limited because of the pandemic. The quarantine restrictions did not allow for travel to its partner communities. The La Mesa Ecopark and Watershed had to be closed to the public / limit activities for the safety of all. However, all these circumstances did not deter the program from continuously engaging Filipinos to become Earth Warriors. Through innovative adaptation, Bantay Kalikasan continued to assist its partner communities.

2020 LA MESA WATERSHED PROJECT HIGHLIGHTS

The community-based Social Enterprises were encouraged to pivot and integrate segments within their enterprises to pass on the hope and help others in their community during the pandemic. Bantay Kalikasan also continued the protection and enrichment of the La Mesa Nature Reserve whose watershed is crucial in the maintaining the reservoir. The reservoir helps make sure that 13 million Filipinos especially in Metro Manila have a continuous supply of drinking water. Bantay Baterya and Langis Project continued its collection of Used Lead Acid Batteries (ULABs), used oil, and other recyclable wastes for proper disposal and recycling. BK continued its community development activities in Tumana, Marikina even helping the community promote and link their face mask production to buyers allowing them to earn in the middle of the pandemic. Bantay Kalikasan partnered with Sagip Kapamilya in servicing its pandemic and disaster affected partner communities. BK, in partnership with Sunlife Foundation Philippines distributed home repair kits to families affected by Typhoon Ulysess.

175,699 seedlings

Grassroots Economic and Environment (GREEN) Initiative

(GI) is a national movement that works to nurture and protect the Philippine environment in a way that benefits the communities living around it. This movement is mainly characterized by partnerships between different sectors of society with varying interests, united by a genuine belief in advocacy. G.I. seeks to protect and nourish the country's natural biodiversity while alleviating poverty and enriching the lives of people through various livelihood projects.

Bantay Kalikasan, in partnership with the Science Education and Advocacy

(SEA) Institute, continued their joint advocacy in the protection and conservation of the Verde Island Passage (VIP) in Batangas. Aside from the assistance provided to the local communities around the VIP, BK and SEA also conducted online marine science seminars to further this advocacy

House repair kits for 98 families distributed in Marikina through AFI and Sun Life Foundation Partnership

Rosanna Nunez loves to participate in activities that make her community a better place to live in. When Sun Life Foundation and ABS-CBN Foundation partnered to rehabilitate the easement along the Tumana-Malanday creek, she volunteered to be one of the Earth Warriors who will make sure that the beautiful park constructed in their community will stay clean and well maintained. During the onslaught of Typhoon Ulysses, Rosanna's family house was washed out. Rosanna and her husband found it hard to repair their damaged house since they did not have the means to do it. Her husband, a construction worker, lost his job because of the quarantine lockdown.

Melvic Cabasag, Project Development Officer narrated, “I got shocked when a woman from my back suddenly burst into tears and embraced me. “Hindi ako makapaniwala na mabibigyan ako ng ganito, Ma’am, Maraming, maraming salamat”. It was Rosanna who hugged her. Melvic further shared, “She completely forgot the need for physical distancing because of so much joy in her heart upon seeing the generous quantity of materials that she will be receiving from AFI and Sun Life”.

Aside from Rosanna’s family, another 98 families in Marikina whose homes were damaged during Typhoon Ulysses also received home repair kits that allowed them to mend their homes. Thank you, Sun Life Foundation, for being a partner in giving hope and smile to these families.

Program Highlights:

Sagip Kapamilya

Sa kahit anong kalamidad o sakuna, ang pangako namin sa mga Pilipino ay darating kami.”

Sagip Kapamilya provides humanitarian assistance by conducting relief operations to at least 10% of the population affected by natural calamities and disasters. If funding permits, Sagip Kapamilya also implements needs-based rehabilitation projects in the communities affected by disasters.

During the last quarter of the year, a series of typhoons and flooding due to heavy monsoon rains hit the country. Typhoons Quinta, Rolly, Siony, Tonyo, and Ulysses came almost one after the other and battered the eastern seaboard, central, and northern regions. Inspired by the bayanihan spirit showed by Filipinos in previous calamities, AFI and ABS-CBN partnered once again, hoping that the nation would unite once again to help families rise from the destruction caused by the typhoons. Thus, the “Tulong-Tulong sa Pag-Ahon” Campaign was realized. The message of the campaign was clear - ***Every Filipino is capable to bring light and hope to those who lost loved ones, livelihood, and homes due to the recent typhoons.***

2020 RELIEF OPERATIONS HIGHLIGHTS (NON-COVID RELATED)

125,678
families served
with relief packs

Taal - 20,355; Quinta - 1,545
Rolly - 19,549; Ulysses - 81,700

First Aids

With the help of donors and partners, the campaign saw the distribution of relief packs to over 100,000 families in the provinces of Albay, Aurora, Batangas, Bulacan, Cagayan, Camarines Norte, Camarines Sur, Catanduanes, Cavite, Isabela, Marikina, Nueva Ecija, Oriental Mindoro, Pampanga, Rizal, Sorsogon, and evacuation centers in Quezon City and Makati. Aside from relief packs, more than 100,000 individuals were also served with hot meals.

“Even before we launched ‘Tulong-Tulong sa Pag-Ahon,’ various individuals, programs, and platforms in ABS-CBN have supported our fund-raising efforts. We are full of gratitude knowing that despite the challenges faced by the company due to the pandemic and the non-renewal of its franchise, the love and compassion for Filipinos still prevails,” Susan B. Afan, Managing Director, ABS-CBN Foundation

ABS-CBN Foundation International

“I love this country. I totally love this country, and I totally love the people.” – Gina Lopez

ABS-CBN Foundation International (AFI) has always been driven by love – love for country, people, and nature. Based in North America and through the multimedia reach of The Filipino Channel (TFC), it fulfills its social responsibility of engaging communities and uplifting lives by creating significant, long-term impacts through various campaigns like Help4PH, Gift of Hope, Meals Of Love, and Covid-19 Fund, in support of the programs of ABS-CBN Lingkod Kapamilya Inc. (ALKFI) in the Philippines - Bantay Bata, Programa Genio, Bantay Kalikasan, and Operation Sagip.

With Andrea Lopez at the helm as its Managing Director, together with Operations Manager Alma Magsombol and Marketing Specialist Rio Manotoc, the AFI Team pursues the vision of a better life for Filipinos with its commitment to serve with compassion, integrity, excellence, and transparency.

**The Team ABS-CBN Foundation International:
(L-R) Alma Magsombol, Andrea Lopez, Rio Manotoc**

AFI is a duly registered as a 501(c)(3) non-profit, non-governmental organization based in San Francisco, California, USA.

Program Highlights:

G-Diaries Season 4: Share The Love

G-Diaries Season 4 is a continuation of the legacy of love of Gina Lopez. The season featured inspiring stories of ABS-CBN Foundation beneficiaries featuring celebrity guests who travelled and immersed themselves in different communities aboard the “Share the Love” bus.

The “Share The Love” bus is ABS-CBN’s public service on wheels. It was designed to go anywhere to serve and help Filipinos in need. It can carry “Gusto Kong Mag-aral” bags (school supplies), soup kitchen materials, seedlings for planting, and volunteers.

Ernie Lopez, brother of Gina Lopez, continued hosting the multi-awarded travel show, sharing stories of hope and transformation to the people.

“No one can take her place. Pero hindi ibig sabihin that we should quit. Hindi natin pwedeng itigil ang mission niya to share the love. So Gina, sa tulong ng Diyos, at sa biyaya ng Panginoon, kami na ang bahala to continue to share

the love,” (No one can take her place, but that

does not mean that we should quit. We should not give up on her mission to share the love.

Gina, with God’s grace, we will continue to share the love), said Ernie, who also serves as president of the ABS-CBN subsidiary Creative Programs Inc.

The show also featured the impact of ABS-CBN Foundation's Yolanda projects nationwide, touching base with people assisted directly by the foundation to see how their lives improved in the past six years.

"G Diaries" first aired in 2017 with the goal of uplifting the lives of marginalized communities by showcasing their stories and presenting the abundance of their natural resources as well as local efforts to develop their area, while encouraging viewers to do their part by supporting these local communities' endeavors.

It has won several awards such as the Most Development-Oriented Environmental Program at the Gandingan Awards 2019 and Best Adult Educational and Cultural Program at the Catholic and Mass Media Awards 2019.

Kundiman singer takes home Phoenix SUPER LPG Kalderoke crown

By: Phoenix Petroleum

'Kitchen Biritera ng Muntinlupa' Francis Anne Virtudazo was crowned as the first Phoenix SUPER LPG Kalderoke Royalty after the three-round finals of the singing and cooking competition, besting 15 other contenders.

Popstar Royalty and Phoenix SUPER LPG Brand Ambassadors Sarah Geronimo-Guidicelli, who served as a special finals judge, crowned Virtudazo during the finale, which aired on February 27, 2021 on the Kapamilya Channel.

"My Kalderoke journey was truly priceless. It became an avenue for me to learn and discover new skills. When I was declared the winner, the feeling was so surreal. I will forever be grateful to God who is the giver of all talents," said Virtudazo. "To the Kalderoke organizers, thank you for paving the way for us to share our talents and cooking skills with others. I will never forget your care for all of us contestants."

The grand finals competition was a close battle between kundiman singer Virtudazo, who got an average score of 92%, and opera singer Nazer Salcedo of Iloilo who got 91.93%. The finals featured a duet round for a rice dish, a round for cooking their opponent's recipe, and a cook-off-for-the-crown with their best song and recipe. For the final cook-off, Virtudazo sang a powerful rendition of Rey Valera's Tayong Dalawa, while cooking her version of Creamy Adobo Mushroom Pasta.

Aside from the crown, the kundiman singer also took home a Php 100,000 cash prize and a La Germania Fs 530 00W Gas Cooking Range. Virtudazo also won Php 10,000 LIMITLESS points as the LIMITLESS Choice Awards winner.

The Kalderoke finale was hosted by comedian Wacky Kiray and singer Sheryn Regis.

Celebrity chef Rolando ‘Chef Lau’ Laudico; actress, comedian, and singer Tuesday Vargas; Star Music composer and songwriter Jonathan Manalo; and Phoenix’s Integrated Marketing and Strategies Vice President Celina Matias were also judges during the grand finals.

A season-ender episode, meanwhile, aired on March 6 with special performances and surprises for the viewers.

“We are grateful for the support of all the people who made the first season of Phoenix SUPER LPG Kalderoke a success, especially to ABS-CBN Foundation, the contestants, our kitchen buddies, and our viewers. We are happy to know that through the show, many Filipinos were encouraged and inspired to cook, and that we were able to give entertainment to a lot of our kababayans at home. Congratulations to Francis Anne and Nazer. They have set the bar so high this season. We are very impressed and proud of them,” said Phoenix Integrated Marketing and Strategies Vice President Celina Matias.

Phoenix SUPER LPG Kalderoke is a program co-created with ABS-CBN Foundation as part of the brand’s ‘Sarap Pala Magluto’ campaign. The competition aims to promote cooking as an enjoyable task, and showcase the Filipinos’ love for food and singing. It has also provided entertainment while most Filipinos are staying safe at home, and has offered the contestants, some of whom suffered losses from the effects of the pandemic, an opportunity to bounce back.

Kapamilya Konek is a public service program produced by ABS-CBN Foundation. It aims to connect Filipinos to experts, organizations, and resources that could help provide solutions to concerns that affect the family.

The program also educates people on the advocacies of ABS-CBN Foundation, and provides information on opportunities that could add value to family members -- livelihood, education, child welfare, environment protection, community development.

Kapamilya Konek is hosted by veteran journalist Jing Castaneda and health and public service advocate Dra. Luisa Puyat. It airs every Tuesday from 3-4 PM on DZMM Teleradyo.

TO OUR 2020 DONORS AND PARTNERS....

The year 2020 was undoubtedly one of the most difficult for ABS-CBN Foundation, considering the shutdown of television and radio broadcast services of ABS-CBN Corporation, its biggest donor. This, amidst a global pandemic that has claimed many lives and caused so much disruption.

Still, the spirit of bayanihan and service is well and truly alive.

We at ABS-CBN Foundation are very grateful that these donors have kept the faith and poured out their resources so that we may continue to do our work,

in the service of the Filipino.

Maraming Salamat,
Kapamilya!

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
ABS-CBN Lingkod Kapamilya Foundation, Inc.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of ABS-CBN Lingkod Kapamilya Foundation, Inc. (the Foundation), which comprise the statements of assets, liabilities and fund balances as at December 31, 2020 and 2019, and the statements of income, statements of comprehensive income, statements of changes in fund balances and statements of cash flows for the years ended December 31, 2020 and 2019, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Foundation as at December 31, 2020 and 2019, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standards (PFRSs).

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Foundation in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRSs, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

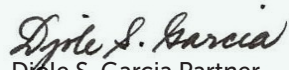

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on the Supplementary Information Required Under Revenue Regulations 34-2020 and 15-2010

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under Revenue Regulations 34-2020 and 15-2010 in Note 19 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management of ABS-CBN Lingkod Kapamilya Foundation, Inc. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.
